

## Notice of Public Information Centre

### Municipal Class Environmental Assessment Shoreline Drive Drainage Outlet Improvements

The Township of Oro-Medonte has initiated an environmental assessment following Schedule B of the Municipal Class Environmental Assessment Process to establish the preferred method to address drainage deficiencies, reduce flooding, resolve public safety concerns, and improve the maintenance related to the existing drainage outlet located at 245 Shoreline Drive.

A Public Information Center (PIC) is planned to advise the public of the drainage deficiencies identified through the initial stages of the project, gather comments on any additional deficiencies within the study area and elicit comment on the alternative solutions and the preliminary preferred solution which will be considered.

The Drainage Outlet Improvements EA is being completed in accordance with the Schedule 'B' Municipal Class Environmental Assessment process outlined in the Municipal Engineers Association Municipal Class Environmental Assessment document (October 2000, amended in 2007, 2011, 2015, 2023 and 2024). The Township has retained the consulting firm Tatham Engineering Limited to complete this Drainage Outlet Improvements Environmental Assessment.

The Township hereby notifies all interested individuals and parties that a Public Information Centre (PIC) will be held on September 5<sup>th</sup>, 2023 at 5:30pm at the Township Administration Building located at 147 Line 7 South. The format will consist of a presentation followed by an open discussion period. Comment sheets will be provided to allow members of the public and interested stakeholders to comment on any specific drainage concerns, indicate preferences regarding the improvement options being considered and provide overall comments regarding satisfaction with the presentation. Township staff and representatives from Tatham Engineering Limited will be available at this meeting to discuss issues and concerns with members of the public. Comments collected through this process will be used to finalize the preferred drainage solution through the evaluation.

Additional information related to the Shoreline Drive Drainage Outlet Improvements EA is available on the Township of Oro-Medonte website. Should additional information be required or to be added to the project mailing list, please contact:
