

# CONSTRUCTION NOTICE:

**CONTRACT: OCS-2024-006**

**ROAD REHABILITATION – Mount Saint Louis Road – Highway 400 to CP Rail Line East of Line 9**

**May 15, 2024**

Starting May 16, 2024 The Township of Oro-Medonte will begin road rehabilitation work on Mount Saint Louis Road between Highway 400 and CP Rail Line East of Line 9 as shown on the map below. Construction is anticipated to be completed by the end June pending weather conditions and unanticipated circumstances.

## PLANNED CONSTRUCTION WORK

The scope of work under this Contract includes cross culvert replacement, pulverizing the existing roadway, placing granular material and 75mm of asphalt. Granular shoulders will be restored, and all driveway entrances will be restored to their existing condition.

Before the construction begins, underground utilities will be marked to avoid potential issues when digging.

## CONSTRUCTION IMPACT ON LOCAL RESIDENTS AND TRAFFIC

- Roads will remain open and lane restrictions will be put in place to allow construction activities to proceed in a safe and efficient manner. On certain occasions, road closures may be required for culvert installation. Residents will be given 7 days' notice prior to road closures
- Access to private driveways will be impacted at times during road reconstruction and associated works.
- Waste collection schedules will not change during construction, although the typical pickup time may be earlier than normal. Waste materials should be placed on the curbside by 7 a.m. on your designated collection day.
- Special arrangements for mail delivery and school buses will be made if required.
- Property owners/residents are reminded that underground systems such as lawn sprinklers, heated driveways and electrical conduits etc. may be within the Township-owned boulevard or property limits and may be impacted by the proposed construction work. The Township will not be responsible for damage to any privately owned items that are within the Township-owned boulevard or property limits.

The Township appreciates your co-operation and patience as we work to complete the construction as quickly and efficiently as possible.
