1. Authority

In accordance with section 42 of the Municipal Elections Act, the Council of the Township of Oro-Medonte, at the regular Council meeting held on February 25th, 2026, adopted By-Law No. 2026-022, "Being a By-Law to Authorize the Use of Internet/Telephone Voting as an Alternative Voting Method for the 2026 Election".

The Municipal Elections Act, more specifically Subsection 42(3), states as follows:

Procedures and forms

- (3) The clerk shall,
- (a) establish procedures and forms for the use of,
 - (i) any voting and vote-counting equipment authorized by by-law, and
 - (ii) any alternative voting method authorized by by-law; and
 - (b) provide a copy of the procedures and forms to each candidate when his or her nomination is filed. 2009, c. 33, Sched. 21, s. 8 (22); 2016, c. 15, s. 31 (3).

Subsection 42(4), states that the clerk shall provide the procedures and forms on or before June 1 in the year of the election.

Subsection 42(4), states that the procedures and forms established by the clerk, if they are consistent with the principles of the Act, prevail over anything in the Act and the regulations made under it.

In addition, the Council of The Township of Oro-Medonte adopted By-law Number 2025-091 on September 24, 2025, being a by-law to provide for a Policy to Govern the Purchasing of Goods and Services by the Corporation of the Township authorizing the Clerk to purchase any goods, services and equipment (including technology) necessary to carry out Municipal Elections, and to execute any required documents, agreements or contracts in support thereof. Therefore the Clerk has entered into an agreement with Intelivote as the eVoting Service Provider for Internet/Telephone Voting services for the 2026 Municipal & School Board Elections.

Subsection 11(2) of the Municipal Elections Act states that the clerk of a local municipality has responsibility for conducting elections within that municipality and responsibility for,

- a) preparing for the election;
- b) preparing for and conducting a recount in the election;
- c) maintaining peace and order in connection with the election; and
- d) in a regular election, preparing and submitting the report described in subsection 12.1 (2). 1996, c. 32, Sched., s. 11 (2); 2009, c. 33, Sched. 21, s. 8 (7).

With respect to the duties and authority of a municipal Clerk, the Municipal Elections Act further states as follows:

-
- 12(1) A clerk who is responsible for conducting an election may provide for any matter or procedure that,
- (a) is not otherwise provided for in an Act or regulation; and
 - (b) in the clerk's opinion, is necessary or desirable for conducting the election.
- 12(2) The power conferred by subsection (1) includes power to establish forms, including forms of oaths and statutory declarations, and power to require their use.
- 12(3) The power conferred by subsection (1) includes power to require a person, as a condition of doing anything or having an election official do anything under this Act, to furnish proof that is satisfactory to the election official of the person's identity or qualifications, including citizenship or residency, or of any other matter.
- 13(1) Any notice or other information that this Act requires the clerk to give shall be given in a form and manner and at a time that the clerk considers adequate to give reasonable notice or to convey the information, as the case may be.
- 13(2) The clerk shall provide electors, candidates and persons who are eligible to be electors with information to enable them to exercise their rights under this Act.

Subsection 42(5) states that when a by-law authorizing the use of an alternative voting method is in effect, Sections 43 (advance votes) and 44 (voting proxies) apply only if the by-law so specifies. Since the purpose for the use of the alternative voting – being Internet/Telephone Voting – was to eliminate proxies, and By-law Number 2026-022 of The Township of Oro-Medonte is silent on these issues therefore voting proxies are not applicable.

The Municipal Elections Act, more specifically Section 53, also provides that the clerk may declare an emergency if he or she is of the opinion that circumstances have arisen that are likely to prevent the election being conducted in accordance with this Act and provides the authority to the clerk to make arrangements for the proper conduct of the election. Any arrangements made by the Clerk, if they are consistent with the principles of the Municipal Elections Act, prevail over anything in the Act and the regulations and all such arrangements, if made in good faith, shall not be reviewed or set aside on account of unreasonableness or supposed unreasonableness.

Therefore, as clerk of The Township of Oro-Medonte and Returning Officer for the 2026 Municipal & School Board Elections, I do hereby certify and approve the following procedures for conducting the 2026 Municipal & School Board Elections and also establish that the attached forms are the forms permitted to be used during this election process.

 2. Prior to the eVote activation, being on Wednesday, October 14, 2026 at 10:00 a.m. until Monday, October 26, 2026 at 8:00 p.m. the auditor or other authorized election official will generate the confirmation report that contains all candidate names running for an office (through the eVoting system by secure ID and password). The report displays in real time the sum total of votes cast for each candidate running for an office. The timing of this report activity ensures that all totals for all candidates, confirms zero (0) votes before the electronic election begins. The eVote will be activated unless any of the counts associated with the candidate names do not indicate a zero total, and unless directed otherwise by an election official.
 3. Candidates or their scrutineer may be present to verify and ensure that all totals of votes cast are at zero (0) and shall be permitted to sign a document that attests to this fact.

-
4. The names of individuals who have voted will be marked as voted. A list of voters who have voted will be provided or made available to the candidates or their respective scrutineer by electronic means by the eVoting Service Provider at the clerk's discretion. This list shall be provided by the eVoting Service Provider in real time or as closely as possible to real time. Only in the event of an emergency will a paper copy of the Voters' list be made available to candidates or their scrutineers.

 5. As authorized by the clerk, the eVoting Service Provider will make available during the course of the election, IDs and passwords for candidates and their scrutineers, who when using this authorization can connect to a Candidate module to review voter's list information previously identified by them to recognize participants in the election. This capability does not provide the candidate or their designate information on *how* a voter has voted, only if they *have* voted in the election. A voter who has voted at least one race during an election is considered a participant.

 6. Candidates or their scrutineer(s) may view this information any time after the start time of the election.

 7. Where a voter is associated with multiple properties within The Township of Oro-Medonte, the voter may vote only once, and the qualifying address to determine eligibility for voting shall be the place of residence of the voter. All duplication of names on the Preliminary List of Electors shall be verified by the clerk and/or election official(s), and all duplicate names of individuals shall be deleted prior to the final preparation of the voters' list. Should a voter receive more than one Voter Information Letter, the voter may only vote once and must return the other Document(s) to the Municipal Administration Office. All voters that vote more than once or who improperly use the Voter Information Letter shall be reported to the Ontario Provincial Police for further investigation as to possible corrupt practices under the Municipal Elections Act, 1996.

 8. Should a Voter Information Letter be returned to the Municipal Administration Office unopened, the PIN status will be disabled by an election official in a manner that prevents the PIN from being successfully

validated in the voting process. The Voter Information Letters will then be marked “unused” and be retained in a secure means and subsequently destroyed at the same time as all other Municipal Election material as provided for under Section 88(2) of the Municipal Elections Act, 1996.

9. Should a Voter Information Letter be returned to the Municipal Administration Office that has been opened but has not been used for voting purposes, the PIN status will be disabled by an election official in a manner that prevents the PIN from being successfully validated in the voting process. In this circumstance, the Voter Information Letter shall be marked unused and be retained and destroyed as in item 8 above.

 - b. that were undeliverable and returned from the Post Office;
 - c. that were returned by a voter or other individual(s) either opened or unopened but unused for voting purposes;
 - d. that were re-issued to an eligible elector;
 - e. whose PIN on the Letters were set to a status that prevented them from being validated in the voting process.
 - f. Where an eligible voter has attempted to validate his or her PIN and they have determined that the PIN has already been used, the voter can attend the location determined by the clerk, bringing satisfactory identification and have an election official confirm that the PIN has been used by an impersonator.
 - g. Prior to authorizing the re-issuance of a new Voter Information Letter which contains a new PIN, the voter shall be required to respond and answer any and all questions from the election official. The election official shall document, to his or her satisfaction, questions and answers of the voter and, if deemed appropriate, the clerk shall submit same to the Ontario Provincial Police for further investigation and prosecution.
 - h. If the election official believes that all questions have been answered truthfully and to his or her satisfaction, the election official may authorize the provision of a new Voter Information Letter which contains a new PIN or, at the discretion of the election official the elector will be required to make a declaration as to his or her statement and take an oath which shall be given by the election official. A copy of this declaration shall also be submitted to the Ontario Provincial Police should further questioning be required in

order to ascertain if corrupt practices have occurred. The elector will be required to assist and cooperate in the investigation in determining the individual(s) who has fraudulently used the voter's assigned PIN.

- i. Once the voter has properly answered all questions and if required, taken the prescribed oath, a new Voter Information Letter containing a new PIN can be issued.
- j. Where an eligible voter has received an incorrect Voter PIN in terms of ward, and/or school support association, the voter can contact a Voter Help Centre(s) and have the proper information applied to the existing PIN. The voter may re-access the system and vote all races not yet completed.

The eligible voter shall be able to re-enter the system at any time during the election using the existing PIN or the re-categorized PIN until voting for all races has been completed.

11. New PIN(s) shall not be given out over the telephone or by mail without the expressed approval of the clerk or their designate. A Voter Information Letter containing a PIN shall not be given to any person at the Voter Help Centre(s) unless satisfactory identification is provided and the individual has taken the required oath, if required, as administered by an election official.
